Guide

eyesWallet

eyesWallet is the BusinessSite incentives and investment wallet - part of the MOADEfy model distributed by Nyayo Zetu with Financial Service Provider license administration from EL Wealth.

Every registered human has an eyesWallet for deposits, withdrawals, peer transfers, eShop payments, task commissions (after fees), and annual investment cash-back.

Chat commands

- my wallet / eyeswallet - balance, fees, cash-back basis, investment pool
- set currency USD · my currency - show balances in your preferred currency (ledger stays ZAR)
- my earnings - human vs AI/tool · cash-back · interest model
- deposit 100 - top up from bank via PayFast
- withdraw 50 - send to bank (ops/PayFast); 3% fee
- transfer 20 to +27? - P2P; 3% fee on sender
- pay with wallet - eShop from eyesWallet (app prices cheaper; builds cash-back share)

Where the 3% goes

On every earning or payment transaction, BusinessSite takes 3%. That fee is allocated:

- 30% ? investment capital (eyesWallet pool)
- 35% ? platform costs
- 35% ? support services

Annual investment interest

- 70% of interest is reinvested to grow capital each year
- 30% of interest is disbursed:
 - 30% of that pool ? customers who buy via eyesWallet (pro-rata to their lifetime 3% fee contribution since first purchase)
 - 30% ? suppliers of those products/services (pro-rata to 3% from their transactions)
 - 30% ? BusinessSite OPEX
 - 10% ? School of Sustainability (schoolos.online)
